"I am glad that I am able to give to the general committee of the association such a good report as to the facilities of Salt Lake City and Utah in general to entertain our next annual convention of the National Educational association," said President Nathan Schaeffer at the Commercial club luncheon, tendered him and Treasurer J. C. Wilkinson yesterday afternoon.

President Schaeffer continued

'I am highly pleased with Salt Lake City and marvel at the wonderful progress the city has made during the last few years. This is my third trip to Salt Lake, the second one being in '99, At that time Salt Lake was a town, now it is a cosmopolitan city, one that would make a man from Philadelphia feel at home, for it provides more politics per square inch than the Quaker City ever had."

Continuing, President Schaeffer said that the child is, in his opinion, the most valuable asset a country can possess. It is the object most worthy of special care. In this respect he felt more than pleased with Utah because of the attention the state pays to the odition of which we have the state pays to the odition of which we have the state pays to the odition of which we have the state pays to the odition of which we have the state pays to the education of children. He praised the school buildings and school equipment and said Utah was well supplied with

A report as to the accommodations that can be offered in Salt Lake City for entertaining the convention was presented by Fisher S. Harris. The remodations for 3,500; home accommoda-tion for 6,000. Besides these the school buildings of the city can be used for this purpose, and will provide a stop-ping place for at least 65,000. In all it was estimated that 13,000 visitors could be taken care of. Besides the accommodations, it was shown that Salt Lake City has fifteen auditoriums suitable for all convention purposes situated within three minutes' walk of the meeting place of the general convention, which is to be held in the Tabernacle,

The report also emphasized the educational attractions found in the near vicinity of the city. Special attention was paid to the smelting and mining industries and the chance these offer to eastern educators to get some first-hand information. The report ends with the request that since San Francisco and Denver have had the convention Utah be given her turn. After the report was read it was submitted to President Schaeffer.

## Wilkinson in Praise.

After the lunch Treasurer Wilkinson said, "No other people under the sun have so improved their environment as the people of Utah. They have put asunder forever the old saying that the environment makes the man, for here, man has made his environment."

Short speeches followed by Governor J. C. Cutler, State Superintendent A. C. Nelson and Mathoniah Thomas. They all assured the N. E. A. representatives that a hearty welcome would be given

TAIL DEALERS.

The new lemon crop is now on the lecal market. The first carlot arrived yesterday and was unloaded. The dealers say the crop is heavy and of excellent quality. The prices remain at \$7 a box, but there are prospects of a reduction before long. A shipment of oranges also arrived in time to replenish the stock on hand. The commission house dealers have succeeded in earry ing oranges every day during the past year. The price quoted yesterday was \$5 a box. Varieties of winter apples are on the market and selling from \$1 to \$1.50 a bushel. Pears were also shipped on the market yesterday by the bushel. The crop is moving in good shape and shipments are being made to outside places. Farmers are habling wagonloads of potatoes onto the market and the sales have been heavy during the past week. The prices quoted are 60 cents a bushel, or 50 cents in wagon-

The supply of ducks was heavy and the sales were also large. The prices remain steady but the quotations of chickens yesterday were weak. A few turkeys were offered yesterday at 22 cents a pound.

### WILL BE READY ON TIME.

(Special to The Herald.)
Washington, D. C., Oct. 27.—Representative Mondell was today assured by the general land office that everything would be in readiness for the opening of Shoshone Indian reservation on schedule time next June. The survey will be completed about Dec. 1. and when approved several remaining allotments will be cleared up.

### SENTENCE COMMUTED.

Harrisburg, Pa., Oct. 27.—Governor Pennypacker today commuted to life imprisonment the death sentence of Mrs. Catherine Danz, the Philadelphia woman who is alleged to have poisoned her husband with powders procured from George P. Hossey, a "voodoo" doctor. Hossey is under sentence of death for a similar offense.

# FRESHMEN GET "SOPHS" ICE CREAM. BUT PAY PENALTY WITH THEIR HAIR

The freshmen of the university made; an attack last night upon the sopho-mores with the result that three fresh-men were deprived of their locks while the "sophs" lost an abundance of cake, The occasion was the sophomore class

reception. The freshmen, made bold and ambitious by their recent victory over the "sophs" in the flag rush, determined to kidnap the sophomores as they journeyed from the car line to the quet room was not available. As a last resort, a window was removed from the outside, and without even the janitors' knowledge, the refreshments

the football campus, where they par-took of the sophomores' hospitality.

Meanwhile the "sophs" discovered. their loss and also the whereabouts of the thieves. An organized assault was made. The surprised freshmen were taken off their guard and as a result "Tub" Hemenway, Archibald McCal-lister and Harold Vane were captured. They were at once taken to the recep-tion rooms where the sophomore girls did the barbering act. The freshn attempted to secure a release for their classmen, and would no doubt have succeeded had not Professor M. C. Ebaugh interfered.

Being defeated, the freshmen next

decided to get even by destroying the famous sophomore "08" which has adorned the hillside for some months past.

This latter stunt will no doubt renew the struggle of last year, which began by the destruction of the "67" on the hill by the freshmen.
